NEWSLETTER NO. 2: OCTOBER 2017

What's been happening?

Easyhold was recently involved with Building Credit Management (BCM) golf day @ Royal Johannesburg Golf Club. This was not only great fun, but it gave Easyhold a great platform to showcase our product range to the building industries.

Below is a picture of the signed Shark's Currie Cup 2017 rugby jersey that Easyhold arranged, this was auctioned off for charity at the end of the night's proceedings. Thanks Sharks Rugby!!!!

Please do follow our website www.easyhold.co.za for updated information.

Larger Enclosures added to Easyhold J-Box range

Currently the largest enclosure in the J-Boxes (plastic enclosures) is our J16 (330 x 300 x 155mm) which is offered with a sliding lid (SL) and fixed lid (FL) option. Due to customer demand we are now offering larger enclosures into the market.

	
<p>Fibrox type 113 610 x 430 x 295mm</p>	<p>HDPE Enclosures from left to right as pictured : Ap2 (469x613x193mm), Ap3 (520x920x275mm), Ap1 (400x450x190mm)</p>

Please do follow our website www.easyhold.co.za for updated information.

We are also currently stocking a small range of steel enclosures. Please below for details:

1. Tibox Encl Metal Orange – 1200 x 800 x 300mm
2. Tibox Encl Metal Orange – 400 x 300 x 200mm
3. Tibox Encl Metal Orange – 700 x 500 x 250mm

Please visit www.easyhold.co.za for more information on all the above.

Our KZN Distributor **Switch Technique KZN** has been manufacturing Fibreglass Enclosures for the Electrical, Electronics, and Instrumentation & Pneumatic industries since 2002. We feel that local manufacture is “lekker” providing that it is economically viable and helps to strengthen the country’s economy!

Ranges include Free-standing Meter & Distribution Kiosks in Single and Double Door options, Wall Mount and Pole Mount variations, as well as Stubby Kiosks and CDU’s. Standard colours are Light Grey, Light Stone or Avocado Green and we will mould other colours on request. We also wire and populate these products to customer requirements. Portable power supply kiosks are also offered in various options and are widely used by event companies, media companies and by Contractors on building sites!

All products listed below can be purchased from Easyhold.
